THE FEVER SCARE.

Surgeon-General Does not Indorse It.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, July 19.—Surgeon-General Sternberg returned today from an inspection of the Olivette, which has just arrived with a large number of wounded. Gen. Sternberg continues to take a hopeful view of the fever. He says normal conditions are now being established by the termination of the military campaign, and that the medical service is thus enabled to cope with the fever situation energetically and successfully. When the outbreak first occurred there were more or less confusion and dread, as exaggerated reports spread through the camp. Now, however, complete sanitary precautions are being enforced, and the troops are being made to live up to all requirements necessary to prevent a spread of contagion. Gen. Sternberg received no additional reports from the front early today, nor has he any of the list of fever patients.

Outside of the surgeon-general, the war authorities continue to view with much apprehension the fever situation at the front. The dispatch asking for additional hospital facilities, nurses and doctors, all of them to be immune, was the only additional information received. It makes no mention as to the increase or decrease of the attack. The call for additional immunity was met promptly. The Resolute leaves New York today with a large number of contract surgeons and nurses.

Gen. Sternberg says he knows nothing of the reported suspicious cases on board the Seneca, which arrived at Norfolk yesterday. Beyond the press reports, but Dr. Wyman, chief of the Marine Hospital service, received a report that there were three suspicious cases on board, although it could not be said as yet that they were directed to proceed to New York, where the local quarantine officials will take such precautions as they deem necessary and where the facilities for handling the wounded and fever-stricken patients are better than at Norfolk.

IMPROVED IRON TRADE.

[A. P. EARLY MORNING REPORT.] NEW YORK, July 19.—"Santiago de Cuba under the American flag means the immediate resumption of the iron and steel trade with that section of the island," says the Baltimore correspondent of the Tribune.

"The stock of the Juragua and the Poncio mines are largely held in Baltimore. Most of the iron ore has been coming to this city. Until the supply was shut off, the works of the Marysville Steel Company required the Cuban ore because of their value in making steel, and of their cheapness. When the mines were in operation, from three to four cargoes of ore came to Baltimore each week, and the monthly importations ran from 30,000 to 40,000 tons."

"A general resumption of work on the plantations, the railroads and the mines would simplify the problem of taking care of territory which is now under the American flag. The superintendent of several of the iron companies are now on their way to Santiago to resume operations."

PAY FOR THE ARMY.

[ASSOCIATED PRESS DAY REPORT.] CHICAGO, July 19.—A special to the Tribune from Washington says: "The auxiliary cruiser Resolute will sail from New York with \$750,000 on board to pay the American troops at Santiago. This is the amount due Gen. Shafter's army for June. Maj. I. Sniffen is to have charge of the payment. All the money taken is to be paid in coin. The coin ranges in denomination from \$5 in gold to copper pennies. "The taking of the Santiago army's pay all in coin," said Maj. Fishback, one of Maj. Sniffen's assistants, "is an idea of Paymaster-General Stanton. The purpose is to introduce the American money in Cuba. Gen. Stanton was of the impression that it would be an excellent idea to drive out the Spanish depreciated currency at the same time that the Spanish soldiers are driven out."

"With a stable currency of the island and the plan to establish a stable government would be greatly facilitated. The time to begin, he contended, was at the beginning. The force of his argument was appreciated by the administration, and he was given his way. The scheme is to put out of circulation altogether in Santiago province the Spanish money, both coin and paper. By the introduction of American coin into Santiago province, Gen. Stanton believes that our money can at once be made the standard of value."

"In order to effectively carry out this plan, each soldier will be instructed, as he is paid, to buy from no tradesmen in Santiago who cannot give him his change in American money. The difference in the money value of his own country and the money of Spain will be explained to him, and he will be asked to accept nothing but

American money. The pay officers of the government will pursue this plan of Gen. Stanton's wherever the American arms are stationed on this side of the ocean."

CITY OF SILENCE.

SANTIAGO QUIET UNDER THE FLAG OF UNCLE SAM.

What Life Appears to be of the Pleased or the Pitted Order—Score of American Transports Enter the Harbor.

[A. P. DAY REPORT. COPYRIGHT, 1898.]

SANTIAGO HARBOR, July 18, 5 p.m., via Kingston, Jamaica, July 19, 8:45 a.m.—Santiago is now a city of silence. The American flag waves over the military headquarters, on Moro's flag-staff and Red Cross emblem are as plentiful as church spires. Almost the entire population this afternoon is gathered about the wharves where the Spanish shipping, now prizes of the United States, will soon be augmented by a large fleet of transports flying the American colors.

Some stores, mostly for the sale of liquor or drugs, are open, but their patrons are few. Beggars are in evidence, of the same importunate sort which make Havana unpleasant for foreigners. Now and then a man or woman of the better class begs the respondents for "Milk for my little one, in the name of God."

At the dock where the Red Cross steamer State of Texas is unloading and preparing for a long stay, a guard from the Ninth Infantry has been mounted, and the soldiers have little trouble, except from the inroads by bad boys.

There is no evidence of gloom on the faces of the Spanish men and women. These mercurial people are already laughing, and are pleased at the military and naval show, and at the prospect of getting food other than rice and salt meats.

Nearly all the better class of houses are closed. The residents evidently have not yet returned from El Caney and other suburban places, to which they fled on the threat of the bombardment by the land and sea forces of the United States. Fifth is noticeable everywhere, and, strange to say, the city is healthy in spite of it. But if Santiago is to continue healthy, much sanitary work is necessary. Arrangements, therefore, are now under way to remove the most dangerous features and to improve those which tend to pollute the city.

The harbor of Santiago de Cuba is a very beautiful place, with its high ramparts of mountain groves of cocoa palms, banana trees and flowering shrubs, pushing down to the very brink of the bay. The channel is tortuous and marked by bright blue and white buoyage, or more clearly defined in places by long booms of logs, marking the entrance of shallow bays and inlets. Old churches, forts and bastions share the promontories with light, wooden houses for summer houses of the upper classes.

The harbor was the scene of a beautiful maritime pageant this afternoon. A score or more of American transports, the way being pointed out by the Suwanee, glided majestically to the quiet anchorage, something they had not enjoyed for weeks, being compelled instead to stand out to sea at night to be tossed about by the waves, or to the precarious holding grounds of the bay. They were fine boats, many of them being among the largest specimens of the American merchant fleet.

SANITARY PRECAUTIONS.

[A. P. DAY REPORT. COPYRIGHT, 1898.] SANTIAGO, July 18, 6 p.m., via Kingston, July 19, 10 a.m.—Strenuous efforts to prevent the spread of infectious diseases among the American troops in front of Santiago de Cuba were made so soon as the city surrendered, and for the past thirty-six hours our soldiers have been sent as rapidly as possible to the hills to the north of the city, where new camps have been established.

Everything possible is being done to improve the sanitary conditions of the camps, especially in case of the troops which are expected to take part in the expedition to Porto Rico. Of the regiments here only those which are not in the slightest degree infected are to go to Porto Rico. The others will remain here for the present, encamped on the high ground north of Santiago. Two immune regiments from New Or-

leans and Mobile are expected here daily, and upon their arrival they will be sent to the city, forming the nucleus of an American garrison which will remain there.

The physical condition of our troops is not considered serious. That the number of cases of fever is growing less all the time, and it is believed that the disease will disappear with the removal of the soldiers to healthier localities and the extra precautions which are being made.

Gen. Wheeler's cavalry division is practically free from sickness, and probably will be allowed to go to Porto Rico, to take part in the campaign.

CUBANS BECOMING HOSTILE.

A fact which is impressed more and more every day upon the American officers and men is the increasing strained relations between the American and Cuban soldiers. The Cuban soldiers, indeed, the situation has now reached a point where there is practically no communication between the armies, and their relations border on the hostile rather than the relations which one would suppose should exist between allies.

Brother of Shafter announced his decision not to let the Cuban junta enter the city of Santiago, deep muttering in the ranks of the American soldiers. It was evident that the Cubans were greatly disappointed at the step taken by the American commander, for they had confidently counted upon having Santiago turned over to them. Under the circumstances, the Cuban soldiers were not to be permitted to take possession of the city upon Gen. Toral's surrender. On Friday last, Castillo, a brother of Don Juan, came to Gen. Shafter's headquarters in order to ascertain the cause of this.

"Why is Santiago to remain in the hands of the Spaniards?" he asked. "The Spaniards are not our enemies," replied Gen. Shafter. "We are fighting the forces of Spain, but we have no desire to despoil her citizens. The Cuban will be allowed to enter the city, nor will any American. The government of Cuba is for the people to decide. When the American army leaves it, I presume it will be turned over to you, but not until then."

For the Cuban soldiers to ask Gen. Garcia's camp, did not attempt to conceal his chagrin. The Cuban soldiers now fully realize that there is a rising sentiment against them in the army. They hear nothing but words of scorn from our men as they pass on, lugging their bacon and hard-tack into the woods. Even our officers no longer converse with them, and their allies, and it is understood that the warm friendship displayed toward them at first has turned into contempt. For the Cubans have neither fought nor worked.

The correspondent of the Associated Press, who sends this dispatch, saw a review of Cuban soldiers in the city, and in building roads, and during the two days' heavy fighting, while they were loitering in the rear, our surgeons brought in, and were sent to the rear, from them even to cut poles for improvised litters for our wounded.

Hundreds of such instances are being told among our soldiers. In fact, the name of Cuban is usually breathed with camp profanity, and very rarely is a kind word spoken of them. In fact, in some quarters there is a disposition to prophesy an early collision between our men and the Cubans.

Gen. Shafter this morning sent an invitation to Gen. Garcia to attend the ceremony of raising the United States flag over Santiago, but the Cuban general showed his resentment by sending a reply which amply confirmed the charges of the Cuban soldiers. He refused to accept the invitation, and the Cuban soldiers have followed during the weeks of hard fighting and campaigning which have resulted in the fall of the city. He refused to accept the invitation, and the Cuban soldiers have followed during the weeks of hard fighting and campaigning which have resulted in the fall of the city.

The question has arisen between the army and navy as to the disposition of the large Spanish merchant steamers which were in the harbor of Santiago at the time of the surrender.

Read-Admiral Sampson arrived in the city today on the Vixen, and claimed the steamers were prizes of the navy. He is desirous of putting the prize crews on them. Gen. Shafter refused to recognize Admiral Sampson's claims. He claimed the steamers, with everything else in Santiago, had surrendered to him, and he was, therefore, entitled to them.

The admiral returned to his flagship without having distributed prize crews among the captured vessels. The admiral is still in possession of the army.

PERILOUS TRIP.

Prize Crews' Tough Experience Landing Their Spoils.

[A. P. EARLY MORNING REPORT.]

KEY WEST, July 19.—The schooner Three Bells and the sloop Pilgrim, captured by the gunboat Dixie near Manzanillo on July 6, have arrived here under prize crews consisting of Lieuts. M. Blount and Gannett, Mate J. K. Hixon, with four marines each. Marryat never imagined a more grotesque tale of marine misadventure than was experienced by these men in bringing their spoils to port.

Both prizes were under the British flag bound from Kingston, Jamaica, for Manzanillo. The Three Bells was capt. E. J. Harding, an Englishman and a crew of five and three Jamaican negroes. The Pilgrim carried a Dutch captain and four seamen of the same class. The prizes were captured without difficulty by Blount and Hixon, neither of whom had ever seen Key West, began the journey there. Capt. Harding was so depressed by the capture of the boat plunged into the sea. Whether or not they reached shore is an open question.

On the evening of July 9, when about 100 miles south of Key West, the Three Bells was captured. The Pilgrim, but out a small boat and caught him, but he struggled desperately and captured the boat. One of the marines held him up on the overturned boat, and he was taken on board the Pilgrim, but he was dead when they reached the deck. He was buried at sea.

This dismal duty was hardly completed when they sighted two small schooners near Key West. Both prizes were evidently recognized by the strangers as expected blockade runners from Jamaica, for one of the schooners that was out a small boat and caught him, but he struggled desperately and captured the boat. One of the marines held him up on the overturned boat, and he was taken on board the Pilgrim, but he was dead when they reached the deck. He was buried at sea.

My Blount and his men went on and captured the nearest schooner, which proved to be the Concepcion. The other ran off into shoal water and escaped. The Concepcion was well loaded with fish, wine and other provisions. They took her in tow, and then began a chapter of misfortunes. Violent tropical squalls burst upon them the same day, and continued almost incessantly until last night. They had no charts aboard, and only a map of the world, torn from a 25 cent guide book, to help them; they floundered

SAN PEDRO

CONTRACT AWARDED

Secretary Alger Consents To Let the Free Harbor Work go to Chicago Bidders.

WASHINGTON, July 19.—The Secretary of War has approved the award of the contract for the San Pedro breakwater to the lowest bidder, Heldmaier & Neu of Chicago.

about in the seas—three little vessels, none much bigger than a catboat.

In the course of the day the wind and waves had played havoc with the Concepcion, and they sent her adrift. The little tugboat and tugboat, on Wednesday morning, when a storm of unusual violence fell upon them, off Cape Antonio. Unable to make any progress, they expected almost immediately to founder, but they all drifted. Later in the afternoon, as they bumped helplessly about the sea, a body of Spanish riflemen on shore opened fire. The only arms on board the tugboat were the weapons of the marines, nine revolvers, so no attempt was made to return the fire.

Just here nightfall fifteen of the Spanish riflemen pushed off in a small boat toward the Three Bells and drew as close as 300 or 400 yards, pouring a volley of shot and shell into the vessel. The bullets whistled all around, riddling the sails and some going clear through the schooner and sloop. One bullet passed through the cabin within two feet of the admiral.

There was a little negro boy at the wheel of the Three Bells, but in spite of the flying rifle balls he never desisted in his efforts to save the vessel. In fact, all the night long he showed spirit, and sided with the Americans. Fortunately for the storm-bound men, night drove the Spaniards back, and the Americans were able to get away before dawn. The morning the wind changed and carried the two prizes to safety.

They sailed on, when, as a final blow, a schooner, which was seen as becca Shoal, a schooner flying the American flag, gave the prize crews a barrel of water, some tobacco and a chart, and set them straight on their course. The schooner, which they drew into Key West Harbor, after the worst fortnight any of the crews had ever experienced.

REPEAT THE BUFFALO.

[A. P. EARLY MORNING REPORT.]

WASHINGTON, July 19.—The Buffalo, the cruiser bought by the United States from Brazil, will be repaired, fitted out with guns and sent into the water. She has been ordered to New York, and will be under the command of the Buffalo, will be in charge of the work of fitting her for service. After inspecting the vessel, he informed the Navy Department that a competent crew he can make all the necessary repairs.

CARRIED HIS POINT.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, July 19.—[Exclusive Dispatch.] Capt. Eulale of the Viscaya, who was ordered to the U.S.S. Somers, at Santee at Annapolis, because he refused to sign a parole, was released today by order of the Navy Office. Precedents show that captive commanding officers of warships are required to give verbal parole only.

CABLES SEIZED.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 19.—The Western Union Telegraph Company has sent the following notice to the Western Union Telegraph Company's central cable office: "The American government has taken possession of the cables at Santiago de Cuba, and in communication, via Jamaica and Santiago, will be allowed until further notice."

THE PELAYO SMOKING.

[ASSOCIATED PRESS DAY REPORT.]

MARSEILLES, July 19.—A steamer which has just arrived here, reports having sighted, July 16, off the coast of Tunis, the Spanish fleet commanded by Camara. As the steamer passed, the Pelayo, a column of smoke suddenly issued from her, and from the fact that a cruiser had taken the Pelayo in tow, it was evident that the most powerful warship of Spain has been damaged.

CUBANS NOT RESENTFUL.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 19.—Dr. Lincoln de Sayos of the Cuban junta said today that the reports that the "Cubans resent the purpose of the United States to establish a temporary military government in Cuba" were without foundation.

PATRIOTIC GERMANS.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 19.—The patriotic Germans in this city, anxious to show their fealty to the land of their adoption, are getting up a movement to present the national government with a battleship, armed and equipped. They expect to open their headquarters in other cities will be asked to cooperate.

CABINET MEETING.

Strained Relations With Germany are not Credited.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, June 19.—Nothing of importance came before today's Cabinet meeting, one member remarking that an adjournment might have been taken at the end of fifteen minutes, so far as the transaction of business was concerned. A dispatch from Admiral Dewey was received stating that there was no change in the situation there. It was the opinion of the members of the cabinet that the reported strained relations between Admiral Dewey and the German admiral is without foundation, in fact. This is indicated by the fact that Admiral Dewey's dispatch was taken to Hongkong by a German warship.

Both the President and Secretary Day are said to have assured the Cabinet members that nothing of an aggravating nature had occurred at Manila between the American and German forces, and their remarks gave rise to the belief that the President has received fresh assurances from Germany of its intention to adhere strictly to her policy of neutrality.

Secretary Alger said after the Cabinet meeting that Gen. Miles had expected to leave for Porto Rico yesterday, but had been unable to get away. He would start today, it was thought. It was said that the campaign against Spain was being conducted with much caution, and the rush of events at Balquidri will not be repeated. The former was said to be in a state of mind to begin until a force superior to the Spaniards at every point has been landed and furnished supplies sufficient to meet all possible requirements. Great

care and deliberation will characterize all movements with a view to avoiding the harshness that befell the Santiago expedition.

DON'T WANT TO HEAR.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, July 19.—[Exclusive Dispatch.] The Cabinet talked about peace prospects today, but did not find any tangible basis for them.

"We have received the slightest intimation that Spain will make overtures toward peace," said one of the Cabinet officers. "The stories that we have had such intimations are untrue, and we concluded today that Spain did not want to sue for peace, and that we did not want to hear anything from her on the subject."

PEACE MOVEMENT.

Spanish and American Officers Could Inaugurate It.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, July 19.—One of the ablest members of the diplomatic corps in Washington, the Ambassador of a continental power, suggested today that if Spain or the United States were desirous of inaugurating a peace movement, an easy and effective means of doing so was at hand without recourse to any foreign official inquiry. This, he pointed out, could be done through the American and Spanish generals at Santiago, who during recent days, have been brought into close communication concerning details of the surrender of Santiago.

The incident has served to show that Gen. Toral was in direct communication with the Spanish government, and his action was responsive to the wish of the Madrid government. On the other hand, it was pointed out that Gen. Shafter had at all times been guided by the direct advice and instruction of the Washington government. This for the first time in the war brought the two governments into direct communication, and while the communication has thus far been confined to Santiago, it has been suggested that it affords the opportunity for a much wider range of inquiry between the two capitals.

If Madrid desires to take the initiative in learning what peace terms are possible, the opportunity remains to be seen, as Madrid desires to make peace overtures, and certainly there is no purpose at Washington to initiate such a movement.

GRAHAM LIED.

Lieut. Colwell Denies That Deserter Has Been Enlisted.

[ASSOCIATED PRESS DAY REPORT.]

LONDON, July 19.—[By Atlantic Cable.] Mr. Goschen, First Lord of the Admiralty, replied in the House of Commons today to a question put by Mr. Thomas Gibson, a Conservative member for King's Lynn, who asked whether there was any truth in the statement made by Mr. Cunningham Graham, a former member of Parliament, in a letter to the St. James Gazette, saying the excellent gunnery shown by the British-Chinese squadron by the U.S.S. Somers, was due to the fact that most of the gunners were Englishmen, decoyed from the British-Chinese squadron by promises of \$500 a month. Mr. Goschen said: "I may add with reference to the alleged enlistment of Signalmen Matthews, lately court-martialed at Devonport for theft of a signal book from the commander of the U.S.S. Somers, that I have received a letter from Lieut. Colwell, the United States naval attaché, in which he writes: 'That I have received a letter from any officer of the United States navy would induce a man of my position to desert. I distinctly deny, and in nearly thirty years' service I have never known a deserter from a foreign service knowingly enlist in my country's service. Foreign trained men are not regarded favorably in the United States navy, and for several years a law existed formally forbidding the enlistment of any but American citizens or aliens who had already taken steps to become naturalized.'"

DR. LESSER BETTER.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 19.—According to a cable dispatch received today, Dr. A. M. Lesser, surgeon in chief of the American National Red Cross, who has for several days been confined in a hospital near Playa del Este, is improving, and in a fair way to recovery. No mention was made in the dispatch of the condition of Mr. Lesser, or the Red Cross nurses who were also stricken with the fever. Dr. C. R. Gill, now at Key West, has been authorized to employ ten immune nurses, and to take them to Santiago de Cuba.

NO INTERVENTION.

Watson Can Smash Spain All He May Wish.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, July 20.—[By Atlantic Cable.] The Vienna correspondent of the Times, discussing the advent and probable operations of Commodore Watson, says: "It is taken for granted that America will punctiliously observe the obligations of international law. There will, therefore, be no legal ground for European protests, and intervention without legal justification is practically excluded by the certainty that Great Britain will support the United States, while the powers are not likely to risk hastening the conclusion of an Anglo-American alliance by any attempt to hinder or coerce the United States."

"Disappointment with the policy of the Spanish government is growing here, and it is beginning to be believed that Spain may be convinced of the absolute necessity of suing for peace only by fresh disasters. A great surprise was occasioned here by the news that the odds at Santiago were largely on the side of the Spaniards."

MOROCCO NOT NEUTRAL.

[BY DIRECT WIRE TO THE TIMES.]

GIBRALTAR, July 19.—[Exclusive Dispatch.] Morocco has refused to declare neutrality.

An Unpatriotic Order.

SPRINGFIELD (Ill.) July 19.—John A. Hisey, president of the board of control of the Endowment Rank of the Knights of Pythias, has issued a circular letter, in which he calls attention to the fact that the laws of the order provide that active service in the army and navy in time of war shall forfeit the certificate of endowment, and all claims thereunder.

Zola Flees from France.

PARIS, July 19.—M. Emile Zola, who, with M. Perreux, manager of the Aurora, was sentenced yesterday to a year's imprisonment and a fine of £100 on the charge of libel brought against him by the officers of the Esterhazy court-martial, has gone to Lucerne, Switzerland, to avoid arrest.

NEWS SINCE MIDNIGHT.

PAVING THE WAY.

SAGASTA WANTS PEACE, BUT WITH ADVANTAGES FOR SPAIN.

The Premier Believed to Be Working With Foreign Ministers, London Newspapers Sarcastic at the Expense of Cubans.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] A special from Madrid says that mail advices from Madrid, received by way of France, confirm the reports that Sagasta and the Foreign Minister are cautiously paving the way for peace. The latter is reported to be seeking to play Germany against the United States in the Philippines, and taking what advantage is possible from the Irene incident. The Spanish provincial papers are not allowed to receive any telegraphic news from Madrid. Merchants at Malaga have ordered French and English newspapers.

DISCUSSING PEACE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] A special from Madrid says: "The Ministers, after leaving the Cabinet meeting tonight, refused to talk concerning what had occurred at the meeting. Sagasta, Minister of Foreign Affairs, and the Minister of Public Works remained in conference after the meeting. It is believed they were discussing peace."

TROOPS FROM SANTIAGO.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] A Siboney special says the 4000 men now on the transports here, being the last reinforcements sent to Shafter, have not been permitted to land, and they, with two regiments of regulars, and the Rough Riders, make up the entire Porto Rican expedition.

"CUBANS ARE LIKE CRETANS."

NEW YORK, July 20.—[Exclusive Dispatch.] A special from London says the newspapers comment on the relations between the Cubans and Americans in Santiago, and are sarcastic at the expense of the former for unanimously effacing themselves in the presence of hard work and Mauser bullets, and then haughtily consuming the American rations with patriotic zeal. The Standard foresees the possibility of a serious quarrel, the Americans being compelled to forcibly suppress the patriots whom they went to protect.

The Cubans are like Cretans, one of the opposed nationalities that it is easier to love at a distance. The Cubans might as well make up their minds to show they are fit to govern before they can expect to be trusted to govern. The President will not stand beside men who seek an opportunity to revenge themselves at the expense of the Spaniards, for cruelties suffered by Cuba for many years.

SPAIN'S COMING MAN.

[BY DIRECT WIRE TO THE TIMES.]

MADRID (via Biarritz), July 20.—[Exclusive Dispatch.] Gen. Polavieja is believed to be the coming man of Spain. The Queen Regent has summoned him to Madrid. Although she wishes Sagasta to negotiate for the inevitable peace, she will change advisers unless better progress is made. Polavieja was the former Governor-General of the Philippines.

THE POPE'S FINESSE.

[BY DIRECT WIRE TO THE TIMES.]

MADRID, July 20.—[Exclusive Dispatch.] The Rome correspondent of the Imparcial telegraphs that if a plebiscite is resolved on to fix the fate of Cuba, the Pope will advise the Cuban Catholics to vote for an autonomous regime under the joint protection of Spain and the United States, both nations guaranteeing a loan for the organization of the Cuban administration.

The Ambassadors of Spain and Austria held a long conference today with Cardinal Rampoll, who afterward consulted with the Pope.

WATSON'S BUSINESS.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, July 20.—[Exclusive Dispatch.] The President says Watson will sail for Spain next Monday. It is said he is almost certain to reinforce Dewey. The Navy Department maintains an impenetrable silence as to the exact composition of the fleet or the scope of Watson's instructions. On excellent authority it may be said that Watson's plans contemplate a much longer trip and even more serious business than the seizure of the Canaries and the demonstration against the coast of Spain. Administration circles believe that Dewey should be further reinforced, and unless a change is made in the programme, Watson will have for his ultimate destination Manila. He is taking coal enough and will have provisions for three months.

ST. PAUL LEAVES ON MONDAY.

BRIG-GEN. OTIS GOING WITH THE FIRST-NAMED VESSEL.

Troops to go at once to Newport News from Chattanooga—Immunized to be hurried forward—Quota of California.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, July 19.—The subjects of importance which are occupying the attention of the military authorities here are the sailing of the next expedition and the abandonment of Camp Merritt for the Presidio.

The next two transports to sail will be the City of Rio de Janeiro and St. Paul. The Rio will depart next Friday. That was the day fixed by Gen. Merriam this morning, and there are no indications that there will be any delay. Brig-Gen. Otis, it is now said, will sail on the Rio, and the troops under his command during the voyage will be the two battalions of South Dakota Volunteers. The St. Paul will probably sail next Monday, and the Scandia is expected to be ready for service by the 1st of August.

There was a report this morning that the Seventh California Volunteers would be designated to sail on the Scandia. Considerable influence in behalf of the regiment is being brought to bear on the military authorities. It would not be surprising to hear any day that the boys from the south will be given a chance to do some fighting in the Philippines. The fact that Col. Berry of the Seventh called at headquarters this morning for a conference with Gen. Merriam leads to the belief that the Southern California volunteers will be among the lucky troops to sail on the Scandia and the ships expected to sail with her. Camp Merritt will be abandoned as soon as possible. No general orders have been issued as yet calling for a general move to the Presidio. The camp will be moved by detachments, as it would be difficult to get transportation for all the regiments to move at once.

BLAMING COL. BERRY.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, July 19.—The Seventh California Volunteers, besides chafing under their delay in getting to the front, complain that their food is poor and scanty; that they are drilled too much; are restricted in their privileges and are treated like virtual prisoners. Col. Berry is blamed by many, who demand the appointment of a regular army officer to command the regiment.

Referring to the dissatisfaction expressed by the men, Col. Berry today denied that he had any complaint against them. He said that he had no foundation in fact. They are under no more restraint than the members of other regiments, and have as many privileges as brigades and divisions. He said that he had no objection to orders which permit the colonel to think there is no general discontent except with the failure to order the regiment to Manila, and in this he shares, for he is anxious to see active service.

PENNSYLVANIA SAILS.

[ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, July 19.—The transport steamer Philadelphia sailed today for the Philippines. The announcement that the vessel would sail today attracted thousands of people to the waterfront, and hundreds of others chartered small boats to accompany the big liner to the Golden Gate. The rolls of heavy smoke issuing from the smokestack of the vessel was a preliminary announcement that the time for the departure had come, and a great cheer arose from the thousands of spectators along the waterfront. The Pennsylvania carried nearly 1500 men, including the First Montana Regiment, and 300 recruits for the First California Volunteers now at Manila. The troops will be under the command of Col. Kessler.

CALIFORNIA'S QUOTA.

Larger Proportional Representation Than Any Other State.

[A. P. EARLY MORNING REPORT.] SAN FRANCISCO, July 19.—The State of California has already furnished over 6000 soldiers to the war with Spain. This is more than twenty per cent. of all the troops that have been assembled in and about San Francisco during the past three months. Of California's 6000, practically 2000 have already embarked for Manila. No other state in the Union is believed to have furnished so large a proportional representation in the volunteer army.

The Seventh California will give a regiment drill at the Mechanics Pavilion on Thursday night for the benefit of the Red Cross.

With the announcement that the South Dakota regiment would embark this week, scores of applicants for enlistment have visited the commanding officers, and even enlisted men from the disappointed Seventh California volunteers have tried to pave the way to transfers by which they could get to the front.

DRILL AT CHICKAMAUGA.

CHICKAMAUGA NATIONAL PARK

Col. J. Grigby's cowboys today began the instruction of the officers of the regiment in the use of the rifle. The practice will be continued every day. Adj. Gen. Sues instructing the officers, and they in turn instructing the men. Adj. Gen. Sues is an experienced swordsman, probably one of the best in the country.

The carbine sabers for the regiment have been received at the camp, and they are now fully equipped, with the exception of a few minor supplies. The men are also becoming well-drilled, and Col. Grigby says that his regiment is ready to go anywhere, and do all kinds of fighting. It is claimed that the regiment is the best-equipped and the finest-drilled of any regiment of volunteer cavalry in the United States.

[ASSOCIATED PRESS DAY REPORT.]

CHATTANOOGA, July 19.—The officials of the Queen and Crescent route have been notified to hold themselves in readiness to load 3000 soldiers for Newport News within the next twenty-four hours. The men compose Gen. Haines' second brigade, First Division, First Corps. The regiments in this brigade are the Fourth Ohio, Third Illinois, and Fourth Pennsylvania. No

regiments are expected to receive moving orders, however, until the arrival of Gen. Brooke at camp tomorrow morning. At least 25,000 men are now in shape to leave here on twenty-four hours' notice.

COPPINGER'S TROOPS.

WASHINGTON, July 19.—The troops under Gen. Coppinger, who does not go to Porto Rico, will be transferred to Ferdinand on account of the malarial fever at Tampa, where they are now quartered.

IMMUNES TO BE HURRIED.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, July 19.—Shafter has asked the War Department to hurry forward the regiments of immunized men for service at Santiago city and vicinity. In order that there may be a minimum of danger of further infection of our troops from the fever prevails at Santiago.

POISONOUS HASH.

WASHINGTON, July 19.—Fifty-five men belonging to Co. A, Twenty-second Kansas Volunteers, at Camp Alger, were poisoned today by eating hash which had been cooked in a tin-lined vessel that had become corroded. Fifteen of the men are seriously ill, and are not expected to recover. The hash was eaten at breakfast, and those who partook of it became ill shortly afterward. The hospital doctors pronounce it to be ptomaine poisoning. The names of the men have not been ascertained.

PERMANENT RECRUITING STATION.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, July 19.—A permanent recruiting station for the United States will be opened in the Masonic Temple in this city, Commander John M. Hawley, who enlisted the Illinois naval reserves, will take charge.

GERMAN OFFICER VOLUNTEERS.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, July 19.—Maj. Von Voorn of the Royal Cavalry of Germany, now in Berlin, has written to the War Department tendering his services to the American army in the war against Spain.

WASHINGTON'S THIRD BATTALION.

[ASSOCIATED PRESS NIGHT REPORT.]

VANCOUVER BRACKS (Wash.) July 19.—The Third Battalion of Washington Volunteers will leave here for San Francisco tomorrow to join the First and Second battalions.

GETTING CIVILIZED.

[ASSOCIATED PRESS DAY REPORT.]

PORTSMOUTH, (N. H.), July 19.—The Spanish practice of accepting and allowing soldiers to live on the American plan. The officers are in citizens' clothes, and apparently are enjoying the freedom they have of Portsmouth and vicinity. For deaths as a result of malarial fever marked today's mortality in the Spanish camp.

BUSTLE OF PREPARATION.

[ASSOCIATED PRESS NIGHT REPORT.]

CHARLESTON (S. C.), July 19.—That active preparations are being made for a move to the front is evident to all who spent half an hour on the waterfront. The soldiers are not having great deal to do with loading the transports, but they do guard duty and oversee the work which is accomplished by gangs of negro laborers. The transport ship No. 21 today is receiving into her hold thousands of tons of hay and other stores. Besides that, the ship is ordered to carry the Sixth Pennsylvania Regiment, its wagons, mules and stores.

THE BRYAN REGIMENT.

[ASSOCIATED PRESS NIGHT REPORT.]

CENTRALIA (Ill.), July 19.—The Bryan regiment, recently sent to the home country of Col. Bryan, at 10:30 p.m., three hours behind time. A crowd of 5000 waited for the train, and the soldiers were met by a cheering throng of negro laborers. The near relatives of Col. Bryan gathered here, and gave him an affectionate greeting.

THOSE UTAH CAVALRYMEN.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, July 19.—The Utah Cavalry will leave for Sequoia Park August 5, and go into camp there for the summer. There are ninety-seven men in the command, of whom twenty-five are regulars. The remainder are unmounted men who act as packers and teamsters. The distance is about 315 miles, and it will be covered in about two weeks.

SECOND CALL.

Return of the Enlistments by States.

[A. P. EARLY MORNING REPORT.]

WASHINGTON, July 20.—Fairly good progress has been made with recruitment for the volunteer army under the President's second call for 75,000 volunteers. The plan adopted by the War Department is to recruit all the volunteer organizations in the army up to their maximum enlisted strength before entering upon the recruitment of additional troops. The right-wing regiments was 37,598, and, according to the latest returns, the total enlistment of the first call is 125,000. In order to show the progress of recruiting under the second call, the following statement has been prepared in the office of the adjutant general of the army, based on the latest returns:

State	Number	Number
Alabama	675	258
Arkansas	600	219
California	6016	196
Connecticut	435	330
Georgia	704	255
Illinois	2380	2331
Indiana	1234	1204
Iowa	1986	1849
Kansas	900	613
Kentucky	925	156
Louisiana	600	142
Maine	354	150
Maryland	580	533
Massachusetts	1200	878
Michigan	1200	878
Minnesota	900	961
Mississippi	600	202
Missouri	1350	155
Nebraska	600	167
New Hampshire	300	206
New Jersey	900	921
New York	2700	4087
North Carolina	753	55
Ohio	3846	3162
Oregon	300	163
Rhode Island	4163	163
Texas	300	229
Tennessee	1228	550
Virginia	900	300
West Virginia	300	205
Wisconsin	900	921
Indiana	900	921
Rhode Island	900	921
Wisconsin	900	921

and Wisconsin have exceeded their quota, but all the others are behind in the supply of troops. The worst delinquency is North Carolina, which has furnished only fifty-five soldiers to meet its quota of 753. Other delinquents are Colorado, Louisiana, Nebraska, Tennessee and Virginia, each of which has supplied less than one-third of the number of men required. Alabama, Massachusetts, Arkansas, Georgia, Missis-

sippi, Oregon and Texas have done very little better, and are very much behind in meeting the requirements.

Complaint has been made also that in several of the States an effort has been made to foist poor material on the government. The total enlisted strength of the regular army is about 140,000. The volunteer army consists of 140,000 men, being about 180,000 short of its legal complement. The volunteer army consists of 140,000 men, being about 180,000 short of its maximum authorized strength under the two calls issued by the President. The total strength of the regular army and volunteer is 280,000, as now organized.

GERMAN WARSHIPS.

A Large Squadron in and About Manila Bay.

[A. P. EARLY MORNING REPORT.]

NEW YORK, July 19.—A dispatch to the World from Manila, July 14, by way of Hongkong, says: "The Germans continue to keep a large squadron of warships in the bay here and about the islands. The cruiser Ironsides and the protected cruiser Koenig, the protected cruiser Kaiser and the protected cruiser Albatross, the Kaiser's daughter, returned today from the island of Cebu of the Vizcaya group, commercially a very prominent part of the Philippine fleet that had become corroded. The bay on returning, in column formation."

All the vessels in the bay dressed ship today in honor of the French holiday, the anniversary of the fall of the Bastille. Gen. Aguinaldo, the insurgent chief, has been ordered to remain at Cavite, but is not expected to occupy the position. The insurgents continue to maintain a position about Cavite, but make no attempt to capture the city.

The report that they intended to attack Manila, Sunday, July 19, was false. There is a little firing every night, but no general engagement. The American troops are in drilling. There has been no movement toward Manila. The cruiser Boston left yesterday to meet the second fleet of transports which is expected here this week. There is no probability of action until Gen. Merritt arrives.

"Four volunteers from Oregon, Capt. Heath, Wells and Prescott, and Lieut. Kelley, were given permission to spend last Sunday within the rebel lines. There was much uneasiness when they did not return Sunday or Monday, but they arrived here Tuesday morning. They explained that they got further away than they thought, and could not return on Sunday, so they decided to make a dash for Manila, along the Pasig River, and got some valuable information. They are now confined to their quarters, and probably will be court-martialed."

DEWEY'S DARING.

It is Sufficient for the Situation at Manila.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, July 19.—It was stated at the Navy Department today that the admiral's recent march on Manila, which has been received from Admiral Dewey relating to the important events in the Philippines, described in the press cables. It is evident, however, that the officials do not now feel the same concern relative to the attitude of the German naval force at Manila that they did when the admiral's last dispatch was received. The march was not stated officially, but there is good reason to believe that either the American Ambassador White at Berlin or the German representative at Manila, or the State Department, has received some assurances as to the Philippines that Germany toward the Philippines that the German government removed the grave apprehension heretofore entertained that Germany would oppose obstacles to the execution of our plans.

It is not known just what the nature of these assurances is, and it may be that they are of a purely tactical nature. The exchanges which have taken place between himself and the German admiral, Dewey, relating to the important events in the Philippines, described in the press cables. It is evident, however, that the officials do not now feel the same concern relative to the attitude of the German naval force at Manila that they did when the admiral's last dispatch was received. The march was not stated officially, but there is good reason to believe that either the American Ambassador White at Berlin or the German representative at Manila, or the State Department, has received some assurances as to the Philippines that Germany toward the Philippines that the German government removed the grave apprehension heretofore entertained that Germany would oppose obstacles to the execution of our plans.

The reported negotiations between the insurgent leader, Aguinaldo, and the Spanish captain-general, Augusti, have been received at the State Department. It is, however, a matter of congratulation to the officials here that in all the relations we have with the insurgent leader, the admiral Dewey has carefully refrained from committing the United States in any way, and has never in the slightest degree allowed the extreme caution he adopted originally as his guiding principle in dealing with the insurgents.

Unfavorable stories of previous exhibitions of lack of integrity on the part of the insurgent leaders had led the government here to be very cautious in its communications with these people, and the same rule of action now governs its conduct. It does not follow, however, that the government is convinced that Aguinaldo is playing false. There is no doubt that the pro-Spanish element in the Philippines is in a state of confusion, and the government is taking advantage of this to create that impression, with a view to causing a breach between the United States military and naval commanders and the insurgent forces. A very suggestion of the adoption by the insurgents of the course attributed to them tends very strongly to retard the progress of the campaign.

CAMP MERRITT NEWS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, July 19.—Today's report of the health of Camp Merritt shows no appreciable improvement in the condition of the troops. There were discharged from the field hospital fourteen cases, and eighteen entered from the various regimental hospitals, leaving a total of 187 men in the sick list. There has been a decrease of twenty-five men a day on the average in the Kansas regiment, since the location of the hospital has been changed. Lieut. Col. Little of this regiment, who has been seriously ill, has reported for duty. The Signal Corps detachment, as now arranged for the campaign, is in O. O. Rio de Janeiro, scheduled to sail Saturday, consists of forty-five men under Capt. Edgar Russell, with First Lieut. H. B. Bailey and Second Lieut. W. C. Bailey and Thomas Gordon. Lieut. Lawrence and two men of the Signal Corps will go on the St. Paul. The Arizona has been added to the transport service, and the Olympia may also be chartered.

Evangelist Crittenton has been engaged by the Christian Commission to conduct special services at Camp Merritt, Oakland, this week, and will be at Camp Merritt in San Francisco next week. The Red Cross members complain bitterly of scant courtesy shown them by Col. Kessler of the Montana Volunteers.

SPANISH DEFENSES AT MANILA.

[BY DIRECT WIRE TO THE TIMES.]

MANILA, July 14, via Hongkong, July 19.—[Exclusive Dispatch.] Spaniards have placed dynamite mines immediately behind their entrenchments on every road leading into this city. The mines are connected by wires with the Spanish headquarters. Pits have

also been dug and filled with upturned lance heads. Bridges have not been mined.

ONLY DIFFERENCES.

[ASSOCIATED PRESS NIGHT REPORT.]

BERLIN, July 19.—An official information as to the incident in which the German cruiser Irene captured the Subig Bay, Philippine Islands, is refused here. The German officials will only admit that differences of opinion between Admiral Dewey and Admiral Von Diederichs as to the right of searching warships have occurred, and the Germans add that Admiral Von Diederichs refused to allow German warships to be searched.

[A. P. NIGHT REPORT. COPYRIGHT, 1898.]

SANTIAGO DE CUBA, July 18, via Kingston, Jamaica, July 19, 11:15 a.m.—The events preceding the hoisting of the American flag over Governor's palace here amid the booming of guns, the strains of martial music and the wild cheering of 20,000 men along seven miles of entrenchments were full of interest. Shortly after 6 o'clock Monday, Lieut. Crook of Gen. Shafter's staff, entered the city and all the alarms in the arsenal were turned over to him. The work of removing the mines which obstructed navigation at the entrance of the harbor had been progressing all night. About 7 o'clock Gen. Toral, the Spanish commander, sent a note to Gen. McKibben, who demanded his submission, and at 8:45 a.m. all the general officers and their staffs assembled at Gen. Shafter's headquarters. Each regiment was drawn up along the crescent of the heights.

Gen. Shafter and his generals, with a mounted escort of a hundred picked men, stood on the heights and looked over our trenches to the open ground, at the foot of the hill, in the main road to Santiago, midway to the then deserted Spanish trenches. They were met by Gen. Toral and his staff, all in full uniform and mounted, and a select detachment of Spanish troops. They followed took place in full view of our troops.

SANTIAGO UNHEALTHY.

Shafter Finds the Town Ready for an Epidemic.

[ASSOCIATED PRESS NIGHT REPORT.]

SANTIAGO, July 18, via Kingston, Jamaica, July 19, noon.—Gen. Shafter has had a thorough examination made of the sanitary condition of Santiago. The work was done by Dr. Goodfellow, of the general staff, and by a civilian physician, Dr. Orlando Dawker. They find that although there are at present but six cases of yellow fever in the city, in addition to two suspects, the town is ripe for an epidemic. Santiago and the city of San Juan are considered the greatest fever-breeding centers in the world. This town lacks every sanitary feature, at its best, and now, after two months' siege, leaving it dirty and repellent, it is a veritable pest hole. The awful stenches that arise from the streets stagger and choke one. No one in Santiago has the power to wash out this odor from one's throat.

The city of Santiago is a typical tropical place, with narrow, crooked streets, and low one-story dwellings and stores. Many of the houses are stuccoed and painted with startling colors, sky blue and vivid shades of red and yellow. The houses are crowded with people, and the streets are filthy. Seven Sold Yesterday.

The big Piano Sale at Fisher's Music House is just beginning to be appreciated, seven beautiful new uprights having been purchased yesterday and several more selected.

It's not at all surprising, when the prices and terms are considered. New upright pianos have been sold at greatly reduced rates before in Los Angeles, but never anything like those now offered by Fisher's Music House. It's the sensation of the day in a mercantile way and the chance of a lifetime. It should be borne in mind that the sale won't last but a few days and intending purchasers should make their choice early.

Los Angeles Exhibit at Omaha a Great Hit.

The Los Angeles county exhibit at Omaha has made a hit. Mrs. Frank Wiggins, who is in charge of the display, writes that it is one of the most admired features of the Transmississippi exposition. That the Los Angeles county exhibit is a paying investment for this section, and is greatly appreciated and admired by visitors, as nothing but words of praise are heard from the thousands who view the products of this section. Mrs. Wiggins' letter is in part as follows:

"On Massachusetts day many of the representatives of the Bay State visited the Los Angeles county exhibit; they were pleased beyond measure. Many of our Boston guests have visited California, and they immediately recognized these grand old arches and heavy walls which bound the Los Angeles county exhibit to all who have visited there; for carrying away with them beautiful recollections, they appreciate its splendid exhibit."

"We are already pretty busy entertaining, but realize more and more every day that California is a very entertaining place."

"To say that Los Angeles county is making a great hit for herself here, is to say no more than was foreseen by her enterprising citizens, who sent the exhibit here. Of all States in the union, California would be most expected to be in evidence at a Transmississippi exposition. It is the first effort of the West to try to show to the world what it can do as a section; hence Los Angeles county has made a happy hit in being prominent with her attractive exhibit."

GIRL-WIFE ABANDONED.

Sixteen-year-old Annie Darby's husband, Spencer W. Darby, has been abandoned by her husband, and left without any resource for her support, but the protection of her mother, Mrs. A. P. Sherman of No. 214 North Avenue 20, East Los Angeles.

The vanished husband is a man of about 45 years, who for the past year has divided his time between working for the Ganahl Lumber Company and the making of beehives. He became infatuated with the young girl, and though she was strictly watched by her mother, he found an opportunity to secure the child's consent to marriage. The mother unwillingly gave her permission that the match should be consummated. The strangely-assorted couple lived together for less than a year, then, some three months ago, the husband disappeared, with no word of farewell or hint of his purpose, and making, his wife claims, no provision for her support.

A week ago a little son was born to the girl-wife, and it lived only until last Friday. No word has been heard from the husband since that time, and has found no way to tell him of the birth and death of his child.

The deserted wife claims that her husband's affections were attracted by his mother, Mrs. A. F. Covert of East Los Angeles. Mrs. Darby believes that if she could, Mrs. Covert could tell her something about the whereabouts of the departed man.

IT'S AN ILL WIND.
Those who will suffer most from the war duty upon tea are those grocers who have to sell the new tea (with its pound duty) in competition with other grocers who have on hand a large stock of old state tea which they can well afford to sell at the old price.

ANOTHER FOE.

A Devastating Enemy Which is More Destructive Than Mause Bullets or Spanish Yellow Fever.

AMERICAN CITIZENS IN DANGER.

Many of us who are beyond the reach of the guns of the foreign enemy and the germs of yellow fever which lurks in Cuba's deadly climate, seldom stop to consider that a multitude of men and women are suffering and in great peril on our own native soil.

Chronic diseases, catarrh and consumption are making frightful inroads on all sides. Thousands are suffering and hundreds die before their time for want of skilled medical assistance.

The English and German Expert Specialists, 218 South Broadway, are doing a noble work in healing the people, saving lives and promoting happiness. These successful doctors, who are all graduates from the best medical colleges in the world, have the largest and best equipped institution in America and have the most extensive practice on the Pacific Coast.

They have attained their present reputation by curing their patients and by fair dealing with the many thousands people they have treated during the twenty-six years of their extensive practice.

Consultation at office or advice by mail is always free; also question list and private book for men or women.

CHARGES AGAINST TWO POLICEMEN DISMISSED.

Absence of a Quorum Prevents the Board of Equalization Beginning Business—The Board Issues.

A CORROBORATED CONFESSION.

WITNESSES TESTIFY THAT MRS. VIGNOLO CARRIED A DAGGER.

A Building Clause That Incumbent Title in Real Estate Sales—The Steele Case Appeared to the Supreme Court.

On recommendation of Chief Glass, the Board of Police Commissioners yesterday dismissed the charges against Patrolmen Randolph and George. Randolph used much profane language in the presence of ladies, and George is said to have assaulted a citizen.

Owing to the absence of a quorum the Board of Equalization was unable to begin its work yesterday. Five members of the board were present, but a sixth could not be found. Another effort will be made today to start the work on the assessment roll.

In making applications for a reduction in assessments before the Board of Equalization, a regular form must be followed by the applicant in order to have the application considered.

A test of police signal systems, for the purpose of ascertaining what system the city will buy, is set for Friday at the City Hall.

Eastern bond buyers are anxious to bid on the bonds soon to be issued by the city. Half a hundred letters of inquiry as to the bonds have been answered by City Clerk Hance.

The defense opened its case yesterday in the Vignolo murder trial, and produced a number of witnesses, who testified to the late Mrs. Vignolo having boasted of carrying a knife, and to her character and generally disreputable character. While a number of these witnesses are not in some respects better than the prosecution's, they are not as good as the prosecution's.

The Board of Supervisors will not avail itself of the effect of the ruling—unintentional as it appears—of Judges Clark and Allen, who, while sitting in banc, incidentally made a ruling in favor of the city. The Board of Supervisors and the County Clerk is wholly and solely responsible for getting out the supplemental register. Provision has been made for defraying the expense of the work, and beyond that nothing was desired and the County Clerk will as heretofore would have made an important work authorized to engage six clerks and to begin the work of compiling the register. Later this force will be increased.

CHARGES DISMISSED.

TWO POLICEMEN ACQUITTED BY THE COMMISSIONERS.

How Applications for Reduction of Assessment Must Be Filed—Board of Equalization Fails of a Quorum.

Two policemen, against whom charges had been preferred, one for assaulting a citizen and the other for using offensive language in the presence of a number of women, were acquitted by the Board of Police Commissioners yesterday morning without the charges having been heard. The two cases were investigated by the Chief, and upon that investigation he recommended that the charges be dropped. The Board of Police Commissioners, who were taken by the commissioners, there were two sessions of the commission yesterday, one a quiet meeting of an unofficial character behind the closed doors of the Mayor's private office, at which the matter of the complaints were discussed, and the other the regular meeting of the board, at which the action that had been agreed upon in the secret session was taken.

Just what was said at the first session is not known, but it is necessary to put it in working order is to connect it with the batteries which accompany it. The company's agent is known as the Electric Light and City Electrician Francis, who has been in San Francisco for ten days, and is now on route home by steamer. If the new system is adopted, a test of that one system will be had.

WANT THE BONDS.

The City's Credit is Excellent in the East.

Since the issue of fire department, bridge, tunnel and park bonds was authorized by the voters of this city at the election of last November, the City Clerk Hance has received almost daily a number of letters from eastern banking houses and brokers asking for information as to the terms of the bonds, when they will be issued, and requesting especially that he keep them advised as to the time when the bonds will be issued. The clerk has been very busy in the several issues will be received, and nearly all of the houses which have communicated with him have expressed a desire to bid. Some of these communications are from the leading financial institutions in the East, and such of them as express any opinion on the new state that they consider Los Angeles municipal bonds excellent investments. The credit of the city is excellent in the East, and there is no doubt but that the bonds will be sold at a premium. There are undelivered telegrams at the Western Union telegraph office for Clarence Breece, James Christy and Ernest Tamm.

R. P. Fernandez, driver of an oil wagon, fell from his seat yesterday afternoon while driving along Alhambra street, and was pretty badly bruised about his left shoulder. Dr. Hagan at the Receiving Hospital gave him attention, but found no broken bones.

Dr. C. W. Unger, Jr., has been arrested on a charge of larceny made by J. L. Elgibols, and will have his case adjudicated on July 20. The doctor complained last night that Elgibols disturbed his peace, and the latter was arrested and will be tried Thursday for the offense. Now comes Elgibols with his counter-charge, charging that the doctor had used force on him, and should be punished for the violation of the statutes made and provided in such cases.

Campbell Claims the Valises.

A. B. Campbell, one of the men now in jail charged with having bounced Telegraph Operator Seagrave out of \$500 by representing himself as President Patten of the lumber firm of Patten-Davies Company, made a written demand on Constable Johnston for the valises claimed by G. P. Bowers, and which are held by the Constable under attachment issued in favor of Routzahn & Gilkey. In the demand, which was presented by Campbell's attorney, he says claim to the property through right of ownership, and says he has always been such owner, and will look to the Constable for all damages incurred. These are the same valises shipped by Bowers to Sacramento in the name of Levi Strauss, and which were held at the express office by the police before they left the city. Bowers demanded them yesterday and was refused, and now Campbell says they are his property.

Was Her Own Scavenger.

F. J. Talamantes made complaint yesterday, in which he charges that Mrs. Stephano Zuretta, who lives at the corner of Lyons and Main streets, had committed a misdemeanor by burning a pile of rubbish on her premises. It was not so much the burning that bothered the complainant as it was that the rubbish burned "smelled to heaven," and was such a horrible odor that it nearly drove the neighbors frantic. Mrs. Zuretta entered a plea of not guilty, and will tell all about it on Thursday, July 26.

The defendant was arrested by Constable Mugnemi, and released on \$200 cash bail, but when going from the courtroom yesterday she saw Talamantes and gave him such a tongue-lashing that she was promptly locked up again, but released later upon putting up \$50 cash bail.

Drank Benzine and Nearly Died.

Another case where drinking benzine nearly caused the death of a child occurred yesterday morning, when the two-year-old son of Patrick Doyle drank a quantity of it and was only saved through the prompt efforts of the physician called in to attend the sufferer. The child was eating doughnuts and becoming thirsty reached for a cup containing benzine, which his sister had thoughtlessly left standing nearby. The child's screams brought the mother to the room. A messenger was sent for Mr. Doyle, who is foreman of the Wiping force of the Southern Pacific Railroad shops. On reaching the house Mr. Doyle fell insensible from the shock, but was revived shortly afterward. The boy was nearly dead when the father arrived with a physician, but was eventually recovered and is now in a fair way for recovery.

The Huey Perjury Case.

In the Huey perjury trial in the Police Court yesterday, Zellner and Duquette, the two boys on whose testimony the charge hangs, denied that they were in the latter shop at the corner of F and Pico streets at the time stated by the witnesses on Monday, but were on Pico street directly opposite the car from which the accident to Mrs. Church is alleged to have taken place.

This ended the evidence, and Judge Owens reserved his decision until Friday at 2 o'clock, when he will decide whether Huey should be held to the Supreme Court or not.

Mrs. Frey's Attempt at Suicide Fails. Mrs. Lillie Frey, the woman who attempted suicide by morphine poisoning Monday night, and who gave the doctors at the Receiving Hospital an all-night session, was so far recovered yesterday morning as to be pronounced out of danger. She was removed to the County Hospital during the day. The woman would make no statement of her reasons for attempting suicide further than to say that she wanted to die, and thought the way in which she went at it was the "easiest and best," and would not say whether or not the attempt would be repeated.

Death of Charles H. Capen.

Charles H. Capen, who was formerly a well-known resident of this city, died last Monday in Yokohama, Japan, where he has been for the past twenty months. Extract from an article by Sir R. L. Bennett, late president Royal College Physicians, London: "The importance of water in the whole economy of nature can scarcely be exaggerated, and as it constitutes the basis of all our drinks, it is essential that we should obtain it in abundance and in as pure a state as possible. In rain water and distilled water we have it supplied of the purest quality." Puritas is a distilled water. Five gallons, 50 cents; 10 gallons, 75 cents. Ice & Cold Storage Co. Tel. 228.—Adv.

A Petty Larcenist.

George H. Bittel, the man arrested Monday and charged with having stolen a valise from the waiting-room of La Grande Station last Thursday, the property of Mrs. Leach of Santa Ana, was given a sentence of \$100 or 120 days in the city jail, by Police Judge Owens yesterday afternoon. As soon as the sentence was imposed, another complaint was filed charging him with having stolen a bicycle from in front of the Seventh Regiment Armory the same night. This was recovered from his room in a lodging-house on East Second street, and was the property of A. J. Mues, the South Spring-street bicycle dealer. The police department says Bittel is a petty crook, who has served a term in the penitentiary at Walla Walla.

Police Court Notes.

Seven drunks were fined in the sum of \$3 to \$10 each or the usual option in default of the necessary cash.

Richard Brown paid a fine of \$2 for his infraction of the ordinance regulating the speed of bicycles.

The three boy burglars, José Lopez, Miguel Ballester and Steve Larkin, part of Talamantes's kindergarten, were arraigned by Justice Owens yesterday, and had their examination set for Friday, July 22, and held placed at \$1000 each. The complaint alleges that they stole a quantity of brass fixtures from the shop of E. K. Green of Buena Vista street.

Charged With Embezzlement.

A complaint was issued yesterday by the District Attorney, and sworn to by J. H. Kiefer, manager of the Troy Laundry Company, charging T. P. Hill, one of the drivers and collectors, with embezzling \$425 from that corporation. It is alleged that Hill made collections for work done and failed to turn over to the company the amount named.

Bonds to the amount of \$300 were given by Hill, a jury trial demanded, and he will be tried on August 11.

Marriage Licenses.

The following licenses were issued yesterday from the office of the County Clerk:

Frank T. Bingham, a native of Massachusetts, aged 36 years, and Mrs. Kate Edmundo, a native of England, aged 36 years, both residents of Los Angeles.

John E. McBride, a native of Pennsylvania, aged 24 years, and Anna Robinson, also a native of Pennsylvania, aged 24 years; both residents of Los Angeles.

John S. Allen, a native of Maryland, aged 28 years, and Elizabeth Kennedy, a native of Ireland, aged 28 years; both residents of Los Angeles.

25c Hosiery at \$2 a box

A wholesale offering at less than the wholesale price, but we won't dictate the quantity. We advise securing at least a full box of a dozen pairs. The fast-approaching inventory is the reason for the price, but anxious as we are to reduce the Hosiery stock, we don't want to supply dealers and will decline to do so.

Women's Fast Black Stockings, of the regular \$3 a dozen (25c each) grade, better than you'll find in some stores for that price. Real Maco, 2-thread yarn, fine gauge, heels spliced well up in the back, double soles to the end of the toes, as durable a quality as we know of for solid wear. Full box (12 pairs) for \$2.00; half box (6 pairs) \$1.00; quarter box (3 pairs) 50c.

Rugs At Private Sale..

More than 1500 pieces were sold during our public auction of Rugs. Something over 200 of the very finest specimens remain to be sold. The prices will be a great deal less than they would bring at auction. It is the opportunity of the century to secure a fine Turkish or Persian Rug at small cost. Do not let it pass without making a selection.

You are cordially invited to inspect the art pieces, many of which have taken prizes at the art exhibitions in the old world. Our lease expired July 15, as the store was rented to J. Brown, music dealer, of North Spring street, but we have secured the store for a few days longer.
